

Curriculum Vitae

Personal information

Name: Prof. Dr. Hatam Ahmed Jasim

Date of Birth: 1-7-1957

Place of Birth: Basrah -Iraq

Title: Professor in Inorganic Chemistry

Address: College of Pharmacy, University of Basrah, IRAQ

Email : hatamaj2004@gmail.com **Tel:** 009647801400904

Education

B.Sc.: 1976-1980 from University of Basrah.

Ph.D.: 1983-1987 from Sussex University, Brighton, UK. (School of MOLS)

Thesis title: X-Ray Crystallographic Studies of Some Organometallic Compounds and their precursors.

Specialization

- 1- X-Ray Crystallographic studies (*single crystals*).
- 2- Inorganic Chemistry---Organometallic Chemistry.

Field of Research interest

- 1- X-Ray crystallographic studies.
- 2- Synthesis of organometallic compounds.
- 3- Pharmaceutical analysis and stability.

Professional Experience

Teaching in different topics:

- | | |
|-----------------------------|--------------------------------|
| 1- Pharmaceutical analysis. | 2- Identification Compounds. |
| 3- General Chemistry. | 4- X-Ray diffraction studies. |
| 5- Co-ordination Chemistry. | 6- Advance Inorganic Chemistry |
